

**SOLV is pleased to work with Oregon high school students on culminating or senior projects. The following criteria outline SOLV's commitments to and expectations from participating students:**

### **SOLV will provide:**

- ◆ Permission to access a metro-area SOLV-managed restoration or enhancement site
- ◆ A handbook (**Make It Right**) outlining suggested project organization, including all necessary forms and waivers
- ◆ Small grant reimbursement assistance, as appropriate
- ◆ All tools (as available – or suggestions as to where to locate tools), disposal material (litter bags), gloves, hazmat containers, safety vests
- ◆ Ongoing technical advice for project design and implementation

### **The student will be expected to demonstrate, in advance:**

A detailed, written plan of the proposed project, identifying:

1. the written community need being met
2. how the project will benefit the community
3. how the project meets the student's academic goals
4. specific anticipated outcomes – e.g., plant 50 trees, clear 25 cu.yds. of invasives, design a restoration plan for a designated area, etc.
5. **for students under 18 years of age**: the name of an adult mentor/advisor/teacher or counselor working with the student
6. **in addition**: the student will present, to SOLV, all school-required forms that SOLV will need to complete, to certify successful completion of the senior project

### **During the project phase, the student will commit to:**

- A. recruit a minimum of 10-15 other students or community volunteers to help with the project
- B. advertise the project at the school (poster, flyer, etc.)
- C. collect all necessary signed waivers from property owners and volunteers
- D. pick up all tools and related necessary project materials and deliver them to the project site
- E. meet all timelines as established by SOLV
- F. follow SOLV guidelines for the work being done

### **After the project, the student will complete:**

- ◆ specific project goals, as outlined in the written plan (see #6 above)
- ◆ **Make It Right** Accomplishment Report
- ◆ reimbursement request with receipts (if a grant was given)
- ◆ **a written or structured oral reflection, describing the connections between the project, the community, the academic goals, and the student**
- ◆ **other specified outcome(s), as agreed upon in advance between the student and SOLV**
- ◆ **return of all tools and other borrowed project materials to SOLV**
